## **Common Data Set - Fall 2015 Standard Survey Response**

This document is a standard response to college guides and other surveys asking for information about Sonoma State University. Sonoma State University is one of 23 campuses in the California State University System. This response is prepared by the Office of the Provost, Institutional Research and serves as a factbook for finding out basic information about the campus. The document is based on the Common Data Set developed by the College Board, along with a consortium of higher education groups and guidebook publishers. Items, which are answers to the Common Data Set questions, are labeled with the prefix "CDS" and the question number. The CDS items are supplemented with additional detail to answer other commonly asked questions. All information is listed under the CDS headings.

The Fall 2002 semester marked the implementation of a new student record database system using PeopleSoft. Discrepancies in data may be due to conversion of data. Any questions regarding the data should be referred to [sean.johnson@sonoma.edu](mailto:sean.johnson@sonoma.edu).

## **B. ENROLLMENT AND PERSISTENCE**

### ***Enrollments***

The Common Data Set requires the Integrated Postsecondary Education Data System (IPEDS) figures. Extension-only students are not included in the IPEDS degree-seeking totals. The University enrolls a number of unclassified individuals who have received bachelor's degrees but who are not enrolled in a graduate degree program. In the IPEDS headcounts, these students are counted as "all other undergraduates taking courses." They are given a separate category in the official statistics.

### **CDS-B1. Institutional enrollment:**

Data are broken out by level and gender by full-time and part-time students who are seeking a degree. Full time is defined as undergraduates taking 12 or more units and graduates taking nine or more. Post baccalaureate students seeking a bachelor's degree are now included in undergraduate counts and are full time at 12 units.

**H. FINANCIAL AID**

**2015-16 due to be posted in December**

All aid figures reported here for degree-seeking undergraduates and freshmen, as defined by the institution, not IPEDS. Non-need based aid is defined as aid for which need is not a criterion for awarding, and may be given to students with or without demonstrated need. If such aid is awarded to needy students, that component of the aid which reduces the student's total need is considered need-based and is included in the need-based aid totals.

## Total Dollars Awarded

### CDS-H1. Total dollar amount awarded to undergraduates:

The table below shows the CDS-requested data on financial aid awards made to degree-seeking undergraduates. **Note that the data are actual 2013/14 academic year, and are for undergraduates as defined institutionally, not as defined for IPEDS.**
