

Accessing Tableau at SSU

Steps and Tips to Access Tableau Server

Tableau Dashboards in 3 Steps

Connected
You are securely connected to the
corporate network

Establish a secure VPN connection to Sonoma network by launching GlobalProtect

Navigate to the SSU Tableau Server environment at
<https://tableau.sonoma.edu/#/explore>

> You may be prompted to authenticate with SSU credentials

Explore projects and interactive dashboards available

Navigation Tips

Try the “search” function in the upper right

Mark your favorite dashboards to find them easily

Getting Help

Connected
You are securely connected to the
corporate network
